Research Internship Opportunities

For Masters and Undergraduate Students

Step into one of Asia’s most dynamic scientific environments. The Singapore International Pre-Graduate Award (SIPGA) supports top international students for short-term research attachments at A*STAR’s national research institutes and consortia in biomedical sciences, physical sciences and engineering research. Come and experience first hand the vibrant cosmopolitan R&D environment and work alongside world-renowned scientists in A*STAR labs.

Working With The World’s Best

ABOUT SINGAPORE

- Vibrant and cosmopolitan city located in the heart of South-east Asia
- Multi-ethnic population of 4.9 million
- English-speaking environment conducive for work and play
- Dedicated to long-term investments in research, tertiary education and infrastructure

ABOUT AGENCY FOR SCIENCE, TECHNOLOGY & RESEARCH (A*STAR)

- Singapore’s leading research agency
- Research and PhD education complemented by its state-of-the-art facilities
- Renowned scientists located at the integrated research campuses – Biopolis for Biomedical Sciences and Fusionopolis for Physical Sciences and Engineering
- Cutting-edge research in a broad spectrum of scientific fields, from molecular biology to microelectronics, materials research, computational biology and advanced manufacturing technology

“This internship allowed me to gain hands-on experience in important techniques in immunological research and knowledge in immunotherapy of cancer. I could actively participate in different aspects of the group project, working closely with different team members. I enjoyed working in a multicultural environment with people having different working approaches.”

- Laure Loumagne -
(French Masters student on her 6-month attachment at A*STAR)
