

THE GEORGE S. WISE FACULTY OF LIFE SCIENCES

Candidates for M.Sc. and Ph.D. studies need to register and get accepted as graduate students in one of the Faculty Departments:

0453 Molecular Microbiology and Biotechnology

<http://www.tau.ac.il/lifesci/departments/biotech/>

0411 Plant Sciences

http://www.tau.ac.il/lifesci/departments/plant_s/

0421 Biochemistry

<http://www.tau.ac.il/lifesci/departments/biochem/>

0491 Neurobiochemistry

<http://www.tau.ac.il/lifesci/departments/neuro/>

0431 Zoology

<http://www.tau.ac.il/lifesci/departments/zoology/>

0452 Cell Research and Immunology

http://www.tau.ac.il/lifesci/departments/cell_r/

Master studies programs

The school for graduate studies offers the following M.Sc. programs:

205 – Ecology and Environmental Quality

201 – Plant Science

203 – Biochemistry

208 – Biotechnology

211 – Cell Research and Immunology

210 – Genetics

202 – Zoology

207 – Microbiology

206 – Neurobiology

468 – Bioinformatics

Admission Requirements

Admission is open to graduates who were awarded a B.Sc. degree with a final minimum grade average of 80 in Life Sciences or a comparable area. Please note that some programs may have higher minimum grade requirements as well as prerequisites. For details, please contact the graduate school secretariat: nuritr@post.tau.ac.il
