

## **TAU International**

[TAU International](#), Tel Aviv University's international school, offers academic programs that guarantee a world-class educational experience at Israel's largest academic institution, situated in a vibrant and constantly evolving cultural environment. It provides semester and year abroad programs, as well as full time undergraduate and graduate degree programs, all taught in English. Students of TAU International not only receive a superior education, but also gain newfound insight into globalization and learn to live as citizens of the world. Whether through the study abroad program, undergraduate or graduate programs, students grow in order to make a positive impact on both Israel and the world.

The OSP Programs – Study Abroad and Short Term Summer Programs

**The School for Overseas Students** at Tel Aviv University provides qualified students the opportunity to study at Tel Aviv University as part of their home university studies.

The various sessions – one year, one semester and summer – are for students in their freshman, sophomore, junior or senior year. Participants learn Hebrew while taking their academic coursework in English and are regularly immersed in Israeli culture. Students fluent in Hebrew and who meet course requirements may choose courses from the regular studies framework.

The intensive Hebrew language program is offered prior to the start of each semester. An extensive program of University-sponsored tours and extra-curricular activities is an integral part of the program.

Students live on-campus in dormitories.

The freshman year of the School for Overseas Students fulfills the University's preparatory year (Mechina) requirements (30 credits at least). Students completing this program may apply for admission to the regular departmental programs of the University.
